'the sub-processor' means any processor engaged by the data importer or by any other sub-processor of the data importer who agrees to receive from the data importer or from any other sub-processor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;

6.2 If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his sub-processor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

6.3 The data importer may not rely on a breach by a sub-processor of its obligations in order to avoid its own liabilities.

6.4 If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the sub-processor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the sub-processor agrees that the data subject may issue a claim against the data sub-processor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the sub-processor shall be limited to its own processing operations under the Clauses.

7. Mediation and jurisdiction

7.1 The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject: (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority; (b) to refer the dispute to the courts in the Member State in which the data exporter is established.

7.2 The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

8. Cooperation with supervisory authorities

8.1 The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.

8.2 The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any sub-processor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.

8.3 The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any sub-processor preventing the conduct of an audit of the data importer, or any sub-processor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

9. Governing Law

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

10. Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

11. Sub-processing

11.1 The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the sub-processor which imposes the same obligations on the sub-processor as are imposed on the data importer under the Clauses. Where the sub-processor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the sub-processor's obligations under such agreement.

11.2 The prior written contract between the data importer and the sub-processor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire

legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the sub-processor shall be limited to its own processing operations under the Clauses.

11.3 The provisions relating to data protection aspects for sub-processing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.

11.4 The data exporter shall keep a list of sub-processing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

12. Obligation after the termination of personal data processing services

12.1 The parties agree that on the termination of the provision of data processing services, the data importer and the sub-processor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.

12.2 The data importer and the sub-processor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.

Appendix 3 to the Standard Contractual Clauses

This Appendix forms part of the Clauses and must be completed by the parties.

This Appendix sets out the parties' interpretation of their respective obligations under specific Clauses identified below. Where a party complies with the interpretations set out in this Appendix, that party shall be deemed by the other party to have complied with its commitments under the Clauses.

Clause 5(a): Suspension of data transfers and termination:

1. The parties acknowledge that data importer may process the personal data only on behalf of the data exporter and in compliance with its instructions as provided by the data exporter and the Clauses.
2. The parties acknowledge that if data importer cannot provide such compliance for whatever reason, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract.
3. If the data exporter intends to suspend the transfer of personal data and/or terminate these Clauses, it shall endeavour to provide notice to the data importer and provide data importer with a reasonable period of time to cure the non-compliance ("Cure Period").
4. If after the Cure Period the data importer has not or cannot cure the non-compliance then the data exporter may suspend or terminate the transfer of personal data immediately. The data exporter shall not be required to provide such notice in instance where it considers there is a material risk of harm to data subjects or their personal data.

Clause 5(f): Audit:

1. Data exporter acknowledges and agrees that it exercises its audit right under Clause 5(f) by instructing data importer to comply with the audit measures described in Section 6 (Security Reports and Audits) of the DPA.

Clause 5(j): Disclosure of sub-processor agreements

1. The parties acknowledge the obligation of the data importer to send promptly a copy of any onward sub-processor agreement it concludes under the Clauses to the data exporter.

2. The parties further acknowledge that, pursuant to sub-processor confidentiality restrictions, data importer may be restricted from disclosing onward sub-processor agreements to data exporter. Notwithstanding this, data importer shall use reasonable efforts to require any sub-processor it appoints to permit it to disclose the sub-processor agreement to data exporter.

3. Even where data importer cannot disclose a sub-processor agreement to data exporter, the parties agree that, upon the request of data exporter, data importer shall (on a confidential basis) provide all information it reasonably can in connection with such sub-processing agreement to data exporter.

Clause 6: Liability

1. Any claims brought under the Clauses shall be subject to the terms and conditions, including but not limited to, the exclusions and limitations set forth in the Agreement. In no event shall any party limit its liability to a data subject with respect to any data subject rights under these Clauses.

Clause 7: Onward sub-processing

1. The parties acknowledge that, pursuant to FAQ II.1 in Article 29 Working Party Paper WP 176 entitled "FAQs in order to address some issues raised by the entry into force of the EU Commission Decision 2010/87/EU of 5 February 2010 on standard contractual clauses for the transfer of personal data to processors established in third countries under Directive 95/46/EC" the data exporter may provide a general consent to onward sub-processing by the data importer.

2. Accordingly, data exporter provides a general consent to data importer, pursuant to Clause 11 of these Clauses, to engage onward sub-processors. Such consent is conditional on data importer's compliance with the requirements set out in Section 4 (Sub-processing) and Section 11 (Changes to Sub-processors) of the DPA.
